Introduction

Many people do not really understand what a miracle is. They categorize every wonderful event that intrigues or amazes man as a miracle.

You sleep and wake up it is called a "miracle"

A woman who conceived after sexual intercourse with a man, gives birth it is termed a "miracle."

A friend gives you money when you are broke and it is considered a "miracle"!

This ought not to be so for lexicons and even non-religious persons define a **miracle** as “*something that defies the laws of nature and evince the special interposition of God,*” not necessarily anything which is mysterious or magnificent. Related words are **wonder**, as special display of God's power and **sign** as powerful *token* of future event. However, Satan’s imitation (false miracle) is typically displayed via sleight of hand (magic), occult power (sorcery) and lying wonders. Normal working of the universe shows God’s providence (care and provision) unto all creation. That God answers prayers does not necessarily imply that He does so via miracles today. He may meet our requests or exceed our expectations through unexpected and inexplicable means but so long known universal laws are not suspended in doing such, it remains non-miraculous. God governs His creation using natural and spiritual laws (Heb 1:3b). These laws such as each seed reproducing after its own kind, sowing and reaping, night-time followed by daylight, seasons and circuits, etc. were promulgated at creation (Gen 1:11-12, 14-16) A wonderful thing is not necessarily a miracle. It is wonderful that the Sun is shining daily but it is neither a wonder nor a miracle.

A miracle occurs when any of God's laws is circumvented or suspended by Him (not broken since God is not a law-breaker) in the material universe and communicated unto man.

Below is a list of Bible miracles to help really understand what a miracle is.

By harmonizing and extending the list of [Godwin Goziem Jireh](#) and that on [biblehub.com](#)

(This is **not** exhaustive; excludes some acts e.g. the appearance of the Captain of the Lord’s host to Joshua [5:13-15] and numerous miracles of Christ not recorded but witnessed by the apostles – John 20:30; cf. Acts 10:38–39)

The primary purpose of a miracle is to declare God's glory and to reveal or confirm divine truth to a human.
